

THINKERS PARADISE

LITTLE ONES THINK BIG

E-MAGAZINE 2020-'21 - GRADE II

INDIAN SCHOOL AL BURAIMI

MR. SHAHEEN.K.K
President, SMC

S M C President's message

Dear Parents and students,

When I enquired about school magazine, Principal mentioned that this year we are going for class magazines, to increase the participation chances. I am happy with that idea and encouraged him to do so.

School magazine / Class magazine is always a very interesting piece of work created by our upcoming talented students.

Magazines develop the student's power of thinking and strengthen their imagination. In this way the general knowledge of the student's increases and they acquire the habit of reading and writing. School and class magazines also teach the students the value of co-operation and encourage healthy competition.

I feel that students are under tremendous pressure because of overloaded information. Television, Internet, Mobile phones, WhatsApp & Social Medias are snatching valuable time from our children. They get information but not retainable knowledge. Reading habit will widen their outlook and enrich their knowledge.

Our School magazine is not merely a souvenir. The school magazine is the face of the school and displays the personality of the school in many ways. It gives an articulate briefing of the activities and achievements of the school, thus building a bridge between the parents and the school. Since the school cannot inform about every activity that the School has been doing so we have our magazines. It includes academic and non-academic achievements of the school.

Finally I would like to say school / Class magazines will help you to develop your skills in your fields of interest so keep representing your school / class magazines and improve yourself year by year.

I wish you all a great success in this academic year and the years to come.

Shaheen.K.K
President, SMC

Principal's message

Dear students,
Warm greetings to you.

I was double minded, whether to publish the school magazine this year or not, but finally I decided to publish it because of the confidence that I have on you and my staff. Moreover this time we have gone for class wise magazines. The reason behind this move is to give wide opportunity to express yourselves in your own way. I am sure, our magazine will certainly turn into yet another piece of wonderful work form team ISAB.

When we come across difficult times, certainly we learn something new. In this COVID-19 pandemic situation we are all forced to stay, most of our time, indoors. After gone through your articles, for your class magazine, I realized that pandemics may force us to stay indoors physically but no pandemic can dent our confidence and imagination. This is one of the many things that I have learnt from this pandemic.

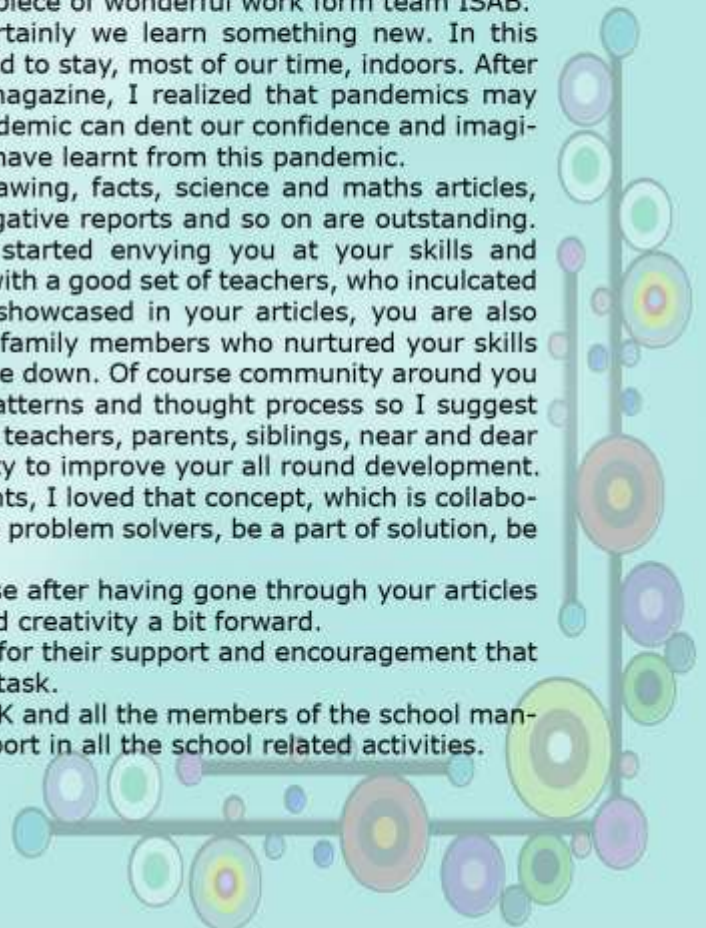

I found your poetic expressions, creative drawing, facts, science and maths articles, quizzes and crosswords, travelogues, investigative reports and so on are outstanding. After having gone through your articles I started envying you at your skills and thoughts. I proudly say that you are blessed with a good set of teachers, who inculcated all the skills and thought process that you showcased in your articles, you are also blessed with wonderful parents, siblings and family members who nurtured your skills carefully and supporting you whenever you are down. Of course community around you plays an important role in your behavioral patterns and thought process so I suggest you to keep a good balance of interaction with teachers, parents, siblings, near and dear and careful observation about your community to improve your all round development. I found some articles attributed to two students, I loved that concept, which is collaboration. Dear students, be positive thinkers, be problem solvers, be a part of solution, be optimistic, be critical best of all be humane.

I would like to thank each one of you, because after having gone through your articles I pushed the limits of my thought process and creativity a bit forward.

I would like to thank each and every teacher for their support and encouragement that they have given to you in accomplishing this task.

I would like to thank President Mr. Shaheen K.K and all the members of the school management committee for their continuous support in all the school related activities.

Class Teacher, Grade II A

Class Teacher's message

Dear Children

We are always on the lookout for inspiring stories, inspiring thoughts and for personalities who have inspired us and for role models. Why are we up to these tasks? Each one of us wants to be successful and to be the best. To be the best at home, at school, at the work place, in a nut shell to be the best in the society as a whole, to be honored and respected by those around us.

However the reality is that the true values are within us which most of us are either not aware or in an attempt to looking for the pearls hidden somewhere we forget to look within ourselves. It's like a treasure hunt. The treasure is right under your very own nose but most of the time we are tuned to be in search of pearls hidden elsewhere. At least that's the way we assume. We want to be perfect in all fields because we do acknowledge that perfection is the seal of genius and success.

Perfection is the hallmark of all outstanding achievements. A student who is conscious of this fact and strives hard to attain perfection in whatever he does, actually will bloom into a genius. Consider all your classmates in a class room. Who is successful? Who is the best? Whoever does the least task in the best possible manner is the one always appreciated by the teachers and peers.

So the bottom line is if you can do the right thing at the right time in the right manner, success will be yours. We need to work towards it. It is not a free gift.

Class Teacher's message

Dear readers,

The wonderful thing about learning is that no one can take it away from you, said B.B.King. And that determines the significance of education and learning. Furthermore, education is not feasible without flaws and failures. Hence, it is requisite to keep striving.

So one must continue endeavoring and, that is the essential values each child should possess, a mind to persist attempting. And this magazine is also the outcome of endless efforts.

Therefore, it is my esteem privilege to manifest to you all a book packed with budding and dazzling creations. One has to think big to be big and thus, presenting 'THINKERS PARADISE' Grade 2 E-magazine 2020-21. I anticipate that you all will relish each moment of reading and also appreciate all this burgeoning creativity. Additionally, I aspire to express my sincere gratefulness to all the students and teachers who have operated zealously and wholeheartedly for the commencement of this magazine.

Beloved readers, I sincerely hope that you all enjoy reading!

WIN EVIL BY DOING GOOD

Deepu, Sanjana, Manoj and Dheeraj were best friends. They always used to trouble other boys and girls in their class, especially Guru. Beating him was their favourite sport. Guru being a very kind and God-fearing boy, never tried to hurt him or his friends. He could have complained to teachers or Principal but never did that as well. Guru had faith that Deepu and his friends would understand one day and turn back from doing evil.

One day, Deepu got into a fight with some boys and got badly injured. His best friends ran away leaving him alone at the mercy of attackers. They did not bother to help him or save him. Guru on his way back from school saw Deepu getting beaten up gravely. He could not resist but ran to save him. He pleaded with the attackers to forgive and not beat him up anymore. Because of his pleading, they stopped beating him and left. Guru immediately took Deepu to nearby hospital and also informed his parents.

When Deepu realised what Guru had done for him in spite of all the pain he gave him, Deepu felt very ashamed and asked for his forgiveness. But kind-hearted Guru said, "You are my friend and it's my duty to help my friends when they are facing any trouble". From that day onwards Deepu and Guru became best friends. Deepu now understood that a friend in need is a friend indeed and Guru proved the saying "Win Evil by Doing Good".

MIKKU THE LITTLE RABBIT

Mikku was a cute and naughty rabbit. He lives in a forest with his mother. There was a beautiful village nearby. Mikku wants to know about the village . He wants to see the car, buildings, houses, shops but his mother does not allow that, for someone would catch him. One day when his mother was sleeping, he decided that he would go to the village . He started hopping to the village. At last he reached the village and saw many cars, building, shops, and markets.

He hopped in the sidewalk. He decided to take some fallen fruits - thinking that while seeing these fruits his mother would forgive him for not listening to his mother. While taking fruits he saw a strong man running towards to him. Mikku suddenly understood that the man is going to catch him. He ran as fast as he could and reached home safely. Now he understood the need to listen to his mother and decided not to go visit the village thereafter.

അങ്ങനെ അവർ സന്തോഷമായി ജീവിച്ചു പോന്നു. അങ്ങനെയിരിക്കെ

മരംവെട്ടുകാർ ആ കാട്ടിൽ എത്തി. വെട്ടാൻ പറ്റിയ മരം നോക്കി

നടക്കുമ്പോഴാണ് കാട്ടിലെ വലിയ തേക്കുമരം അവർ കണ്ടത്. എങ്കിൽ

പിന്നെ ഇന്ന് ഇതുതന്നെ വെട്ടാം എന്ന് അവർ തീരുമാനിച്ചു. കൂട്ടിൽ

കുഞ്ഞുങ്ങളുമായിരുന്ന നീലുകാക്ക പെട്ടെന്നാണ് ഒരു ശബ്ദം കേട്ടത് - ടിക് , ടിക് താഴെ നോക്കിയ നീലുകാക്ക പേടിച്ചുപോയി . തന്റെ കൂട് ഇരിക്കുന്ന മരം

പോയി . മരം വെട്ടുകാർ അതിവേഗത്തിൽ മരം മുറി ചൂകൊണ്ടിരുന്നു.

എന്തുചെയ്യും ? പെട്ടെന്ന് നീലുകാക്ക അടുത്ത പുളിമാരത്തിലേക്ക് പറന്നു.

അവിടെയാണ് കൊക്കമ്മാവൻ താമസിക്കുന്നത്. കാര്യം അറിഞ്ഞ

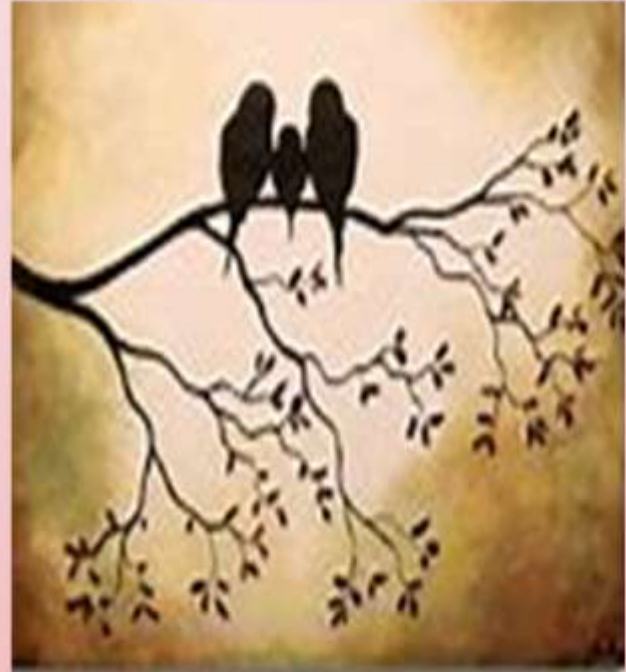

കൊക്കമ്മാവൻ കുഞ്ഞുങ്ങളുമായി തന്റെ കൂട്ടിലേക്ക് പോന്നോളാൻ

നീലുകാക്കയോട് പറഞ്ഞു. ഉടനെ തന്നെ നീലുകാക്ക ഓരോ കുഞ്ഞിനേയും

കൊത്തിയെടുത്തു കൊക്കമ്മാവന്റെ കൂട്ടിലെത്തി. നിമിഷങ്ങൾക്കുള്ളിൽ

തേക്കുമരം താഴെ വീണു. നീലുകാക്കയും കുഞ്ഞുങ്ങളും ജീവനോടെ

രക്ഷപ്പെട്ടു.
